**Affected Products:** NFX Series addressable AV devices

Dear Valued Customer,

Notifier is pleased to announce the release of the NFX series of addressable AV devices. The NFS series are high quality loop powered device designed to alert building occupants of an emergency. When triggered by the fire panel their powerful sounders and/or strobe provide emergency warning to occupants. A choice of output levels and tones make these devices suitable for a wide variety of applications.

**Feature Overview:**

- High efficiency piezo disk and horn profile generate high sound output
- Improved intense strobe output
- Simple familiar rotary wheel address controls
- Improved current draw enables more devices on loop
- Anti-tamper feature

**Ordering Information:**

**FG-03-037** NFX-WS-R - Addressable wall mount sounder – Red body

---

**FG-03-039** NFX-WSF-RR – Addressable wall mount sounder\strobe – Red body, red lens
