

## IFS-2600TBRK discontinued

Due to obsolescence of supplier components Notifier is permanently unable to supply the following replacement components for the IFS-2600 Fire Alarm Control Panel.

| Item No.                     | Description   |
|------------------------------|---|
| IFS-2600TBRK<br>(ASY-02-020) | IFS-2600 Termination Board Replacement Kit to suit PSI version (PSI not included) |

The Notifier CFP-16 is the recommended replacement to the IFS-2600 FACP. The CFP-16 provides an easy to use and powerful detection and control system for all conventional detection applications.
